Wrocław

About me

I'm a third-year International Business student at the Wrocław University of Economics with practical experience in talent development, HR, and PR. I combine business knowledge with a passion for occupational psychology and people management. My fluency in English and active involvement in the student organization allow me to efficiently implement projects in a dynamic environment. I'm seeking opportunities to develop my skills in HR and project management.

Education

International Business

Bachelor's degree in English from the Wrocław University of Economics
